WARRANT FOR TOWN MEETING STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Rollinsford, in the County of Strafford, in said State, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall, in said town on Tuesday the thirteenth day of March, 1928, at ten (10) o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To bring in your ballots for Town Clerk, Town Treasurer, one Selectman for a term of three years, one Road Agent, and Chief of Fire Department.

ART. 2. To choose all other necessary town officers for the ensuing year.

ART. 3. To raise such sum of money as may be necessary to defray town charges for the ensuing year.

ART. 4. To see what percentage, if any, the town will vote to discount all taxes paid on or before the first of August next.

ART. 5. To see if the town will vote to establish a Public Library and accept the provisions of Chapter 8, Sections 21-26 of the Public Statutes, and appropriate a sum of money for the same.

ART. 6. To see if the town will vote to give a prescription permit to any druggist, who is a registered pharmacist doing business in town, to sell liquor for medicinal use, under Section 14, Chapter 147 of the Laws of the January session, 1917; approved April 17, 1917.

ART. 7. To see if the town will vote to discontinue the lane leading from Broadway to Somersworth road between lands of Warren Fletcher and Elson R. Davis, and also to give the Selectmen permission to sell the same at best obtainable price and not less than thirty (30) dollars.

ART. 8. To see if the Town will vote to raise and appropriate the sum of one thousand (1,000) dollars to repair highway on Prospect street beginning at corner of the Salmon Falls garage so called, and continuing to Pine road. (By petition.)

ART. 9. To transact any further business that may legally come before said meeting.

Given under our hands and seal, this the twenty-fifth day of February, 1928.

CLARENCE W. KNOWLES,
EDWARD J. HUDON,
SAMUEL O. TITUS,

Selectmen of Rollinsford.

Appropriations will begin at 11 o'clock sharp.

R. S. WENTWORTH,
Chairman.

The undersigned, auditors of the town accounts, have examined the books of the Selectmen, Town Treasurer and Town Clerk for the year ending January 31, 1928, and find all cash entries sustained by appropriate vouchers, and castings correctly made, and footings agree.

C. A. JOHNSON,
R. J. COLBATH,
Auditors.

STATE OF NEW HAMPSHIRE

Highway Department, State House, Concord

February 13, 1928.

Mr. Clarence W. Knowles,
Chairman, Board of Selectmen,
Town of Rollinsford,
Salmon Falls, N. H., Box 180.
Dear Sir:

In closing your Federal Aid project No. 210-I a check was sent to you for \$2,520.14, which should have been for \$301.47, therefor, the town owes this department \$2,218.67.

You will notice from your statement sent to you by Mr. Grover that the amount due was \$301.47, therefor, will you kindly make a check payable to F. E. Everett, Commissioner, in the amount of \$2,218.67 and send to this office at once that we may close this account?

Very truly yours,

F. E. EVERETT,
Commissioner.

REPORT OF CHIEF ENGINEER

Appointed June 21st to fill vacancy caused by the resignation of Mr. Oliver Petitclair.

Reorganized Chemical Company No. 3, July 1st.

Found fire truck and equipment in a deteriorated condition, due to neglect and improper care.

Had thorough inspection of the truck by a representative of the White Motor Company of Boston, makers of this truck, which has revealed its true mechanical condition.

I suggest and recommend:

Adoption of the report of the White Motor Company that our truck be taken to their shop in Boston and overhauled. They agree to replace new parts for worn parts, readjust and tighten loose parts and place the truck in good mechanical condition at an approximate cost of \$325.00 in about four days time.

Renewal of the four tires and tubes on the truck, also advisable by the White Motor Company. The tires and tubes now on the truck are six years old and unsafe. These tires and tubes can be renewed, sizes 37 x 5 for front wheels and 38 x 7 for rear wheels at an approximate cost of \$260.00; reserving the old tires and tubes as spares for emergency cases. The truck at present, has no spare tires for emergency. Tire manufacturers are no longer making the 37 x 5

size. It would seem advisable to buy two front wheel tires while they are obtainable.

Having truck insured against loss by fire. It is a business proposition. Rates are reasonable and the truck should be given consideration for insurance.

Consideration of the above suggestions and recommendations by the town for the practical, as well as economical benefit of the fire department.

Co-operation for service has been solicited. Worthy suggestions and recommendations reported. True estimate of truck's condition mechanically and its imperative need of new tires and tubes, with the approximate costs of same quoted.

If the condition of your fire truck is not rectified at once then the costs of repairs will advance with the age of the apparatus and the truck's efficiency will rapidly deteriorate.

There have been two roof ladders added to the department's equipment since July 1st. One 16 foot and one 20 foot ladder.

Property loss by fire has been confined to one serious alarm, June 26th. Hughes house, so called, owned by Salmon Falls Mfg. Co. Estimated loss \$1,500.00. Cause of fire unknown.

Thanks for co-operation extended by all the past year.

Respectfully submitted,

RAYMOND C. CHASE,

Chief Engineer.

January 31, 1928.

REPORT OF THE SUPERINTENDENT OF SCHOOLS, ROLLINSFORD, N. H.

Members of the School Board, Town of Rollinsford,
N. H.

I have the pleasure of submitting herewith, my seventh annual report.

Last June, partly on account of the opening of the Parochial school, and partly due to the liquidation of the Salmon Falls Mfg. Co., your board decided to close the three school rooms of the Town Hall building and to consolidate the Quamphegan and the Sullivan rural schools, thus having four rooms in the village, and two rural schools. Of course it was impossible to conjecture last spring how many pupils would present themselves at the beginning of the schools in September. However, the room having grades I and II, the other having grades III and IV, were each comfortably filled. In the two other rooms, one having grades V and VI, the other having grades VII and VIII, there were more pupils than we anticipated. About fifty pupils in each room are too many for one teacher to handle efficiently under ordinary conditions. However, there were exceptional conditions existing in this building. The teachers had made a careful promotion of the pupils in the previous June. There were few over-

age pupils—very much better school work can be done where the pupils are so carefully graded. These rooms are now doing excellent work. It is possible for a teacher instructing fifty pupils of nearly the same age and of equal ability to do much better work than when instructing twenty-five pupils in an unevenly graded room.

During the summer, Mr. Roland M. Leach, who had been principal of the grammar school, was elected to a more lucrative position in a junior high school in Natick, Massachusetts. The vacant position was filled by Mr. Guy Crockette. There is every evidence that the excellent work which was begun by Mr. Leach is being continued successfully by Mr. Crockette.

Within the past seven years the attendance at the three rural schools has varied. Within that time the attendance at Quamphegan has been more than twenty pupils, at Sullivan school twenty-four pupils, and only seven in the Pear Yard school. Feb. 1, 1928, Quamphegan is closed. Sullivan has sixteen (this including some from Quamphegan) while the Pear Yard has enrolled twenty-one, of these seven are in the seventh grade and five in the first grade.

The new stoves installed in the rural schools are a decided improvement. They secure a much more even distribution of heat. The use of coal keeps a fire in the room during the night. Frequently the rural schools which were heated by wood were a menace to health by very unequal temperature in parts of the room and at times of the day.

Attendance Feb. 1, 1928

Teacher	I	II	III	IV	V	VI	VII	VIII
Miss Brown	14	16						
Miss Doherty			11	11				
Miss Raino					26	20		
Mr. Crockette							28	19
Miss Leahy	5	2		3	2	2	7	
Total enrollment	19	18	11	14	28	22	35	19=166

Miss Mary Leahy has been granted leave of absence for the last half of the year for further study at Keene Normal School. Miss Madeline Gouin was secured to substitute during Miss Leahy's absence.

It is a pleasure to report on the excellent condition in your schools. The teachers are all doing good work. Without exception each room shows satisfactory discipline, an essential factor for a proper atmosphere in which to study. To an unusual degree the pupils are interested and are trying to do their best. There is concentration of effort on the part of teachers and pupils, thus insuring excellent results. At the opening of the Fall term there was doubtless some loss owing to readjustment but this was quickly mastered.

At the present time it is impossible to forecast the attendance in the schools next September. However, it is probable that the number in grade V will be smaller. If the cotton mill should open by next September, the population of Salmon Falls would materially increase, thereby making it possible to open one room in the Town Hall building. However, this is a supposition.

Your superintendent, on account of illness, was obliged to be absent during the Fall term. The school board was fortunate to secure the services of Mr. Winslow, formerly a superintendent in New Hampshire, to supervise the school in the interim.

I am including the interesting and excellent report of Mrs. Annetta Leonard, School Nurse. You will also find names of the graduates of Franklin school, 1927.

In conclusion I take this opportunity to express my gratitude for the cooperation of the public, teachers and the school board. Only by this means can the best results be attained in the schools.

Very truly yours,

WALTER H. YOUNG,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

I herewith submit my fourth annual report of the health work done in the Rollinsford schools.

Every child has been given a thorough physical examination and these defects were found: malnutrition, 33; defective vision, 4; defective hearing, 3; pulmonary disease, 2; skin disease, 2; orthopedic defects, 1; defective teeth, 125; hypertrophied tonsils, 35; adenoids, 20; enlarged glands, 21; unvaccinated, 5; other defects, 4.

Notices of these defects have been sent to the parents who are urged to consult their physician about having them corrected. Four children have had their tonsils removed, two having been fitted with glasses, and fifty-two children have had work done on their teeth.

Health Day was observed May 20th, with a program of health songs, plays and dances given by the children. The money which was received from this entertainment is being used to buy pasteurized milk for the underweights in the first four grades of the Franklin school.

Frequent examinations for contagious diseases have been made. No epidemic of any kind has been the result.

First aid for minor ailments has been given.

Many home visits have been made. Several children have been taken to the dentist, oculist and physician by your nurse.

Health has been taught with stories, games, and classes on the proper care of the body and proper living habits.

In conclusion, may I express my sincere appreciation for the co-operation given me by the school board, teachers and parents.

Respectfully submitted,

ANNETTA C. LEONARD, R. N.,

School Nurse.
